

In-Car Observation and Behind-the-Wheel Instruction Time Log Sheet

Student Name: _____ Learner License Number: _____

Instructor Name: _____ Instructor DL#: _____

To the instructor: Use this log sheet to document the time you spend in your in-car observation, behind-the-wheel training, and behind-the-wheel practice sessions with your student. Texas regulations require that you and your teen must spend a total of at least 44 hours reviewing and practicing the topics discussed in this course. When your student applies for a Provisional License, you may be asked by the DPS to submit a signed statement asserting that he or she completed the required 44 hours of in-car observation and behind-the-wheel instruction and practice. This form will serve as a record of the actual amount of time spent on each module.
